1st gen.Tape from a trade with my friend  
D.S. Fantastic show from Patti Smith and her  
band,the quality is exc.- in my ears. The bonus  
track seems to be from a Lou Reed show with  
Patti Smith as a special guest, a great version of  
Waiting for...

I love the 1978 period of Patti Smith and I  
saw a lot of shows in germany, this show and  
the Berlin shows are the best in my opinion.  
- boomboom Dec 2010.
