

Next to the Toronto R'n'R Revival show, this has to be the most often bootlegged concert by AC. So why another version of this - well most versions leave out either Deveil's Food/The Black Widow or Lace & Whiskey or both and sometimes School's Out is edited and sometimes there are other missing bits. So what I have attempted here is to make this show as complete as possible, at this point in time.

Three different sources were used to make this show as complete as possible. The original silver boot "No More Teacher's Dirty Looks" makes up most of the list, the rest is from a cdr that I received in a trade and a vinyl boot called "Babies in School". The sound on the cd and cdr are pretty much equal, maybe a slight edge to the cdr. The quality on the vinyl isn't quite as good but it is still from a radio broadcast.

Here is the break down.

UMW taken from the cdr due to it having the entire song. NMTDL used a fade in, missing about 1 minute of the intro.

B\$B, 18, IIMB taken from NMTDL

DF/TBW taken from the cdr. These two tracks are not included on NMTDL.

Y&M, OWB, US, Escape, ILTD, GTH/WYWH, INC, IHT taken from NMTDL. I made a small edit at the end of Only Women going into

Unfinished Sweet to cover up a poor edit on the original disc. It's still noticable but less so.

L&W taken from the vinyl boot Babies in School. Sound quality dips a bit but this track wasn't on either disc so I put it where it would come in the original concert.

SO taken from NMTDL.

Missing from this collection are Sick Things, which would of been played after I'm Eighteen and King of the Silver Screen which came before School's Out. This show has been bootlegged a number of times and I have never seen the entire show. Too bad as a live version of KOTSS has yet to appear on any bootleg with this kind of quality.
