

BILLY JOEL
Ultra Sonic Studios 1971
The Boarding House 1972

Tks 1-5
live at Ultra Sonic Studios, Hempstead, NY,
November 09, 1971 FM Broadcast: 5

Corrected Speed version:

01 - Everybody Loves You Now
02 - She's Got A Way
03 - All American Blues
04 - Got To Begin Again
05 - Captain Jack

I have two copies of this performance; which happens to be the earliest known live Billy Joel recording. The first is very sped up, but as far as I know it is the original copy that circulated for years and it is actually the first unofficial Billy Joel recording that I ever got...so it has sentimental value.

I received the second copy years later and it is the "corrected" version; in that it has been slowed down to make Billy sound more "normal."

I am including both copies...(1) for all the diehard collectors out there and (2) because the "corrected" version actually sounds slightly slow to me and I feel that its sound quality is slightly inferior to the original version...in my opinion. This way you can have both and decide which one you want to listen to. - jimmyfich Oct 2010.

Tks 6-11
live at The Boarding House, San Francisco, CA,
January 1972. FM Broadcast: 3-4

06 - Travelin' Prayer
07 - Long, Long Time
08 - Everybody Loves You Now
09 - Ballad Of Billy the Kid
10 - Captain Jack
11 - Josephine

This is another very early Billy Joel recording that I don't see circulated very often. The sound quality is not perfect and it is worse in some places compared to others, but it is certainly not "horrible" by anyone's standards. - jimmyfich Oct 2010.
