

# Emerson, Lake & Palmer

Friedrich Ebert Halle  
Ludwigshafen  
April 10, 1973

Friends, here's the only ELP show I ever saw, luckily recorded in great quality to reel, by our famous taper Heribert B.!  
The master reel has some occasional SLIGHT tape knitter on the first tracks only, but the sound in General is great!

Listening to this show again, after such a long time reminded me, that the middle part (tracks 7-10) of this show, is very special!  
This piano jam with bass & drums, hardly could have been played better in the great days of The NICE & Lake's songs are plain beautiful!  
The rest of the show is sure also a great & unusual performance!

#### Lineup:

Keith Emerson: voc., keyb, piano  
Greg Lake: voc, b, acc. g, el. g.  
Carl Palmer: dr

Lineage: Master Reel-Revox B77 MK2-EQ-PDR-05-EAC-Flac  
Transferred, mastered & uploaded to Dime by Doc Tinker in Oct. 2006!

Enjoy this great piece of ELP History!!
