More unreleased session excerpts, this time for the Reprise albums FRANCIS ALBERT SINATRA/ANTONIO CARLOS JOBIM & THE WORLD WE KNEW. ("Drinking Again" was recorded during the JOBIM sessions, but released on the latter album.)

I compiled this disc from two different trade CDs, each one of which combined an assortment of Reprise sessions in rather haphazard fashion. By coupling the Jobim and WORLD WE KNEW material, we get a collection of all the unreleased 1967 studio material I'm aware of. The sound quality is excellent.
