Led Five, Kezar Stadium, San Francisco 2 June 1973 1CD SBD (Empress Valley)

Set List: Moby Dick/Heartbreaker/Whole Lotta Love/ Communication Breakdown/The Ocean

Sounds superb - crystal clear quality. It runs for 61 mins 49 secs and is the complete last third of the show from Moby Dick onwards. The "Five" refers to Plant saying those were the best vibes since the Fillmore 5 years earlier. The gold CD comes in a very nice single deluxe thick card and paper slip-case. Front is a photo from the show showing Page at the Theremin, waist up. Liner notes in English/Japanese referring to the "Lifetime Guarantee" show from Spokane in '68 but which for some reason has not yet been released. It says at the end "Then, let's meet at the San Diego performance in 73 next time!" (Philip Bushe Jan 02)
