

# Bobby Previte and "The Horse"

Padova Music Festival  
Padova, Italy  
October 11, 1998

I prepared this a long time ago and even sent it on a DVD to someone to seed it for me back when my bandwidth was severely limited, but that person never came through and I never got around to seeding it myself. The recent Coalition of the Willing torrents, and all the Miles-related material, reminded me of this. Sound quality is up there with Simplex's marvelous Lugano seeds, so enjoy the Miles vibe in stellar sonics. Incidentally, I know this band had some kind of running residency at the Knitting Factory's Tap Room, but this is the only live recording I've come across of them. Perhaps there are others. Anyone?
