

John Denver

Skip Weshner Show

KRHM-FM

Los Angeles, CA

March 9, 1971

Comment Note: Skip Weshner hosted a show on KRHM-FM in LA for many years. This tape was one of many that was rescued from his estate after his death in 1997.

Note 2: There is a significant moment during this interview where John says he was up the night before writing a brand new song. He then performs "Starwood In Aspen" - clearly the first-ever public performance of what would later become a John Denver standard.
