

"The Jack Benny Hour" musical excerpts
U.S. TV - NBC network - various dates
Pre-broadcast DVD video (NTSC)

Late in his career after his TV sitcom run had ended, Jack Benny did some one hour U.S. TV specials. This DVD contains various musical excerpts plus some comedy bits with musical guests from those specials.

Previously uncirculated from this source. Featuring 2 songs plus comedy with the recently deceased Isaac Hayes. Also 2 good Paul Revere and The Raiders songs with comedy that has Jack Benny hamming it up with them on a live track. And then there's my personal favorite - Jack Benny, George Burns and Gregory Peck doing a synchronized vaudeville musical segment.
