BOB DYLAN & THE ROLLING THUNDER REVIEW

BOB DYLAN - Madison Square Garden, New York December 8th 1975 "Soundboard"
"JTT Transfer"

NOTE: This Torrent is a Capture from streaming audio so would be considered "Lossy", though sound is excellent. There were destructive joins between all tracks, these have been cleaned as well as possible.

Disc Four: Track 05 at (01:02)-09 seem to be from a lesser quality audience source with unbalanced channels. I have converted these to centralized stereo using 100% of each channel.

Disc Four: Track 09 is almost unlistenable.

SOURCE: W.V. Streaming Audio* > Total Recorder (PCM 44,100khz, 16bit) > Soundforge 9 (Edits & Track Splits) >FLAC Level 6 Align on Sector Boundaries

*Wolfgang's Vault stream Sept 2009.
